

Storrington and Sullington Neighbourhood Warden, Chris, was asked by residents of Hanover Walk Retirement Complex if it was possible to help them to get a defibrillator for their community, as it was quite a distance to the nearest one in the village. A fundraising Christmas Market was arranged, as well as a Bingo session. The market was a great success and raised £1000, and some donations were also received from the Bingo and some individuals. Chris spoke to a local charity and a defibrillator has been purchased, as well as training for one resident from each block. Chris said “There was great community spirit and it’s really good that the community came together for this worthy cause. A big round of applause to everyone involved.”

Storrington and Sullington Warden, Chris, took 15 residents to the Old Barn Garden Centre for Christmas lunch recently. He said: “It was a pleasure to take the residents out for lunch as, for some of them, it is one of the few times they get to go out. They all had a great chat and the only time they were quiet was when they were eating!”. Chris would like to thank Stuart (from Storrington Parish Council) and the staff at the Old Barn who helped on the day.
